

**VERIZON WIRELESS
INDOOR LOCATION ACCURACY CERTIFICATION
PS DOCKET NO. 17-78**

I, Laurie Gebhardt, am Director – Network Compliance and Support at Verizon Wireless (“Verizon”) and am familiar with and have responsibility for indoor location accuracy compliance for Verizon. Pursuant to Section 20.18(i)(2)(iii) of the Commission’s rules, 47 C.F.R. § 20.18(i)(2)(iii), I certify to the best of my knowledge, information and belief that as of April 3, 2018, Verizon:

- (1) Is in compliance with the location accuracy requirements applicable to it by providing x/y location information within 50 meters for over 50 percent of all wireless 911 calls;
- (2) Has complied with the test bed and live call data provisions in the rules;
- (3) Has deployed the indoor location technology or technologies used in its networks consistently with the manner in which such technologies have been tested in the test bed;
- (4) Provides service and reports live call data from one or more of the six Test Cities; and
- (5) Has deployed location technologies throughout its coverage area consistent with its deployment of the same technologies in the areas that are used for live call data reporting.
